

Layton

Layton

Sophistication in its understated form,
with just the right touch of formality.
A stainless steel finish to keep things
clean and cool.

L for lines free of clutter.
For windows of light, air and space.
Perfect in executive offices and guest waiting areas.

The original Layton,
edges softened with padding on the arms.
Enjoy the visual coolness of stainless steel.
Rest your arms on the comfort of cushion.

Take your pick.

Without arm padding for a minimalist look.
Or opt for extra comfort.
