

kontuur

Midnight Collection

Benel

Comfortable curves and solid support.

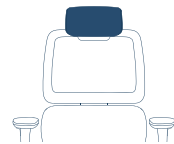

The first Benel chair to have a fully height-adjustable backrest, Kontuur provides crucial support for all the different positions of your back. You also get a wider range of adjustment, which means more precise positioning to achieve your ideal level of comfort.

Indulge in the comfort and padding of an upholstered cushion seat, which strikes exactly the right balance between firm support and gentle softness.

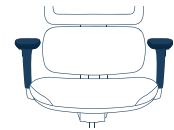

Adjustability

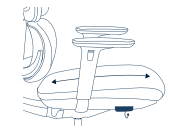

Fixed Headrest
Specially designed to provide sufficient head and neck support while you are in a reclined position.

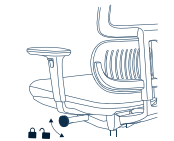

Height-Adjustable Backrest
Change the height of the backrest to achieve your desired height, fitting to the natural curve of your spine.

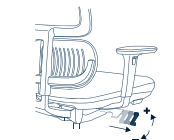

3D Adjustable Armrests
Three possible directions for adjustments to support your arms and take weight off your shoulder.

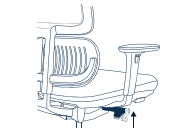

Seat Depth Adjustment
Adjust depth of seat to accomodate upper leg length, distributing weight evenly across the seat.

Multiple-Angle Backrest Lock
Backrest lock allows locking at an upright or comfortable reclined position.

Tension Control
Tension control allows user to adjust the amount of resistance according to one’s weight and preference.

Seat Height Adjustment
Adjust the seat height according to individual preference for better blood circulation in your lower limbs.
